Theory of Music

2018–20
Foreword

Australian and New Zealand Cultural Arts Limited is a non-profit examining body of the performing arts. It was formed in 1983, in response to a growing need among private music teachers for an examination system catering for a greater diversity of musical styles. In recognizing the vital role modern music plays, especially among the young, ANZCA set out to design its syllabuses to cater for both classical and modern streams.

ANZCA hopes to stimulate and excite musicians by providing syllabuses that are at once refreshing and educational. All aspects of the syllabuses, including scales, aural tests, sight reading and improvisation, have been arranged in a logical sequential order, with due regard to the educational merit underlying each requirement.

Modern and classical syllabuses are currently available for pianoforte, organ, guitar, singing, trumpet and flute, as well as contemporary syllabuses for keyboard, mandolin, bass, ukulele, drum kit, trombone, clarinet, saxophone, accordion, recorder, strings and theory of music. Group examinations are offered for practical examinations from Grades One to Four, in addition to the String Quartet (four levels) and Piano Duet (seven levels) syllabuses.

Other syllabus options include the Performance syllabus option for most instruments, and the Jazz Syllabus (five levels) for brass, woodwind and piano. Both Jazz and Performance examinations are assessed on four pieces only, with no other requirements or requisites. In Performance examinations, modern and classical works from standard ANZCA lists may be freely mixed.

The syllabus lists have been carefully compiled, with great attention being paid to setting interesting and musical pieces, especially at the junior levels. In most instruments, a Free Choice option allows students to perform a modern or classical work not listed in the syllabus, including original compositions. In modern syllabuses, students are encouraged to embellish and improvise on pieces.

ANZCA has been at the forefront in developing modern stream examinations in all instruments, and will continue to work on improving and extending both the classical and modern syllabuses.

GENERAL INFORMATION: DRUM KIT

Examination Room Requirements

1. It is the responsibility of the teacher or examination studio to provide an appropriate environment for examination candidates.
2. The examination room must comfortably accommodate the drum kit and a table and chair for the examiner. The room should have adequate lighting and ventilation.
3. The drum kit should be a “standard” five-piece acoustic or electronic instrument (snare drum, two mounted toms, floor tom and bass drum), with one ride cymbal, one set of hi-hats, and two crash cymbals (right and left).
   Note: ANZCA Drum Kit publications are written for this kit setup.
4. The instrument must be tuned, in professional working order, and of a suitable standard for the examination level. “Practice pad” drum kits are not satisfactory for examination purposes.
5. The studio should also include an audio system for playing backing tracks (CD or digital file), and a sturdy, moderately-sized table or desk and chair for the examiner.
6. Special requirements (e.g. double pedals, extra cymbals, etc.) must be provided by the candidate or teacher.

Lists and Editions

7. Except for the Free Choice selection, all pieces must be chosen from the lists or categories set for the respective grade, using the editions specified in the syllabus.

Free Choice Lists

8. ANZCA does not arbitrate on Free Choice selections. It is the responsibility of the teacher to ensure that the chosen solo, including a student’s own composition, is of the correct standard for the grade.

Original Compositions

9. Original compositions must be fully notated and presented as detailed charts.

Diploma Examinations

10. Any completed requisites/prerequisites must be included on the entry form.
11. Assessment: Honours, Pass or Not Satisfactory.
12. Further information on all diploma examinations is given in the Diploma Examination Handbook, available from the ANZCA office.

Examination Times

13. Each examination time is printed in the syllabus beside the grade title.
14. At all levels except Diploma, the total time for all List pieces must be no more than half the examination time; e.g. for a Grade Two examination (20 minutes), the List pieces must take no more than 10 minutes in total. All works (especially those with backing tracks) should be “timed” during lessons to ensure the program of pieces fits within this limit.
15. The examiner may, at his/her discretion, stop the performance of any piece. This should not be interpreted negatively by the student or teacher.
16. The teacher/studio must include with the entry form any requests for extra set-up time e.g. for additional cymbals, changing the kit for left-handed drummers, etc.

Photocopies

17. Photocopies are allowed only as a supplement to the original book in order to eliminate page turns. Examiners will not hear or assess any ANZCA work presented from copies.
• Examples are available in the ANZCA Drum Kit Sight Reading and Aural Tests book.
• The standard of sight reading is approximately two grades lower than list pieces.
• Candidates will be allowed to look over the music for a short period before commencing, and may “ghost” (but not play) the exercise around the kit.
• The following legend illustrates the notation used in Sight Reading tests.

GENERAL KNOWLEDGE

8 marks

• Detailed guidelines are given in the ANZCA Drum Kit General Knowledge book.

• At all levels, candidates should give relevant, concise answers. Where background information (such as knowledge of composers and styles) is required, candidates should limit their answers to details which are relevant to music and the composer’s musical career.

• Candidates at all levels must be able to name any signs, terms, time signatures etc. which occur in the music performed. This knowledge is not limited to that required at the corresponding theory level. Item-specific questions (e.g. re triplet, tie, accent etc.) may be asked whether or not the item appears in any of the candidate’s pieces.

• General Knowledge questions may be asked on any List piece, including Free Choice pieces, and on Technical Work studies.

Notes on the Format
The General Knowledge section of the examination will be presented in the format outlined below. This format is based on a set number of principal questions per level, and set wording for each question type.

1. Number of Questions. At all levels, the examiner will ask four (4) main questions. Prompting or “follow-up” questions may be used if an answer is not adequate, with a possible deduction in marks. (Requests for a question to be repeated or clarified will not incur a penalty.)

2. Wording of Questions. Questions will be asked using the wording given in the following level/grade list. This wording has been devised to cover all requirements for the respective level. Questions are cumulative from one level to the next, so that in each grade the “bank” of possible questions increases.

Example: For the first question listed in Introductory (see following page), the
examiner will point to any sign, word or other item (appropriate to the level) on the music. The examiner will ask for the name of the item; then, where applicable, ask for the meaning. In this case the name and explanation will count as one “answer”, and both must be given to receive full marks for the question.

Introductory

Knowledge required: The notes, rests, values, signs and terms from the music presented for examination, as specified in ANZCA’s Drumkit Performance – Introductory book.

Questions:
- The examiner will point to a sign or term and ask, ‘What is this?’ and (if applicable) ‘What does it mean?’ (Note: This counts as one question.)
- The examiner will ask of a List piece, ‘How many beats are in each bar?’
- The examiner will point to a note or rest and ask, ‘What kind of note/rest is this?’ and ‘How many beats is it worth?’ (Note: This counts as one question.)
- The examiner will point to a note and ask, ‘What part of the drum kit do we play for this note?’

Preliminary

Knowledge required: The notes, rests, signs and terms from the music presented for examination. The function of a dot after a note.

Questions: As for the previous grade, with the addition of –
- ‘What is the function of a dot after a note?’

Grade One

Knowledge required: As for the previous grades, with the inclusion of knowledge of time signatures and the definition of a triplet.

Questions: As for the previous grades, with the addition of –
- ‘Explain the time signature of this piece.’ (The candidate’s answer should include the number of beats and the type of beats.)
- ‘What is a triplet?’

Grade Two

Knowledge required: As for the previous grades, with inclusion of tied notes, accents, and rudimental notation (roll notation).

Questions: As for the previous grades, with the addition of –
- ‘What is a tie?’
- ‘What is an accent?’
- ‘What is rudimental notation?’
GENERAL KNOWLEDGE (Continued)

- ‘Explain the use of the metronome.’ (The candidate’s answer should demonstrate an understanding of beats per minute, and include the meaning of “M.M.”)
- ‘Name the parts of the drum kit.’ (The candidate should point to each component as it is named.)

**Grade Four**

Knowledge required: As for the previous grades, with the inclusion of syncopation and modern song construction (verses, choruses etc.). Description of the style of any piece performed (e.g. rock, jazz etc.).

Questions: As for the previous grades, with the addition of –
- ‘What is syncopation?’
- ‘Explain modern song construction.’
- ‘Name the style of this piece.’

**Grade Five**

Knowledge required: As for the previous grades, with the inclusion of knowledge of the development of Latin rhythms and rudimental drumming.

Questions: As for the previous grades, with the addition of –
- ‘Briefly describe the development of Latin rhythms.’ (Candidates should make reference to cultural influences, rhythmic characteristics, time frame and some well-known Latin styles.)

- ‘Describe the development of the drum kit.’
- ‘Name some major exponents of the drum kit.’ (The candidate should name approximately eight important drummers and their styles, covering a range of genres from the early Jazz era to the present day.)
Expectations in Grade Seven, Grade Eight and Associate Performer Diploma
